**Reynolds Group are the pick of the bunch when it comes to bottle and box labelling as well as date, batch and bar coding.**

We are a privately owned New Zealand company that understands the unique requirements of New Zealand's main industries, such as wine **making**, we develop innovative and practical solutions to meet your requirements.

Our latest offering for the wine industry is our semi-automatic labeller which rivals the price of bench top systems but can later be incorporated into a full-speed in-line system should your volumes increase in the future.
